PROFESSIONAL SUMMARY

Motivated third-year Artificial Intelligence & Data Science student with a strong interest in web development, programming, and problem-solving. Skilled in Python, Java, HTML, CSS, JavaScript, and SQL, with experience in responsive web development, hackathons, and technical communities. Passionate about learning new technologies, building practical projects, and gaining hands-on industry experience through collaborative opportunities.

EDUCATION

Expected Graduation: 2027

Bachelor of Technology – Artificial Intelligence & Data Science

Nagesh Karajagi Orchid College of Engineering and Technology, Solapur.

Related Coursework: Database Systems, Programming in Python, C, Java

SGPA: 7.03

PROJECTS

Student Performance Prediction System

- Developed an AI/ML-based project to analyze and predict student performance using academic data
- Built an interactive web dashboard for educators to monitor student performance metrics and predict academic risk levels in real-time.

Leadership, Open Source & Achievements

- Contributor – GirlScript Summer of Code (GSSoC) 2026: Selected as an official contributor for GSSoC 2026 and currently contributing to open-source projects through GitHub.
- Hackathon Achievement: Secured 1st position in the AI/ML domain and 9th position overall at Chakravayuh Hackathon conducted by SVERI College of Engineering, Pandharpur.
- Social Media Lead – Google Developer Groups (GDG): Managed social media strategy and created content for technical events, workshops, and community activities. Increased engagement through posts, reels, and promotional campaigns while coordinating with the core team for outreach.
- Google Student Ambassador: Represented Google initiatives on campus and promoted developer programs, technical learning opportunities, and student engagement activities.
- Campus Ambassador – Let's Upgrade: Promoted technical courses and workshops while assisting students with onboarding and participation.

CERTIFICATIONS

- NPTEL – Programming in Java: Elite (60%) – IIT Kharagpur
- NPTEL – The Joy of Computing using Python: Elite + Silver (79%) – IIT Madras
- NPTEL – Software Testing: Elite (68%) – IIT Kharagpur

SKILLS

Languages: Python, Java, JavaScript, SQL, C

Frontend: HTML5, CSS3, Bootstrap

Tools: Git, GitHub, VS Code, Canva

Concepts: Responsive Web Design, Cross-Browser Compatibility, Object-Oriented Programming, Basic Data Structures & Algorithms
